"No, not if you did in the past;
But you may if you put on your noble skirt—
'Twill keep you from getting too fast."

The many friends of Miss Mollie Oliver, who has been dangerously ill at the home of her sister, Mrs. John W. Porter of West Fourth street, for several weeks, will regret to learn that she is reported gradually sinking this morning and hope of her recovery is dimmed.

Mrs. Alice Chisholm, daughter of Mr. and Mrs. M. C. Chisholm of East Second street, who has been located in New York City for some time as stenographer with a large firm, has accepted a position with a law firm in Havana, Cuba, and today at 12 o'clock will sail for Havana.

CAUGHT ON CROSSING

Horse Killed, Wagon Knocked to Kingdom Come and Driver Narrowly Escapes With His Life

Frank Braxton, a thrifty colored farmer, came to town yesterday with a load of tobacco, and, after delivering the weed at the East End warehouse and on his way home, met with a disastrous accident.

In crossing the Taylor's Mill pike he was run down by the afternoon L. and N. 2:10 Northbound passenger train No. 6.

He saw the danger in time to jump from the vehicle, but sustained injuries in the fall. The horse was killed and the wagon knocked into kindling wood.

Braxton was brought to this city and attended by the Company's Surgeon, Dr. S. R. Harover.

He was fortunate in escaping as he did. He can thank his lucky stars that he was not killed.

"When the Truth is Unmistakably Stamped in a Merchant's Advertisement"

It requires no science to sell the goods. Our object in selling Suits and Overcoats at the prices we have them marked (look in our clothing window) is to turn "Merchandise into Cash." Merely a casual glance at the advertised goods is convincing that profits—and in many instances "Costs"—do not enter into consideration; and this is the reason, although the dullest month of the year, we are cleaning up our fall stock. And it will be but a few short weeks until the greatest line of spring clothes, consisting of the following noted lines, will be in our cabinets:

Hirsh Wickwire, L. Adler Bros. & Co., The Washington Company, College Brand and Michaels, Stern & Co.

No clothing house in the State is favored with such a choice of the "Best." Thousands of you have worn these makes and can testify to their merit.

LITTLE PRICES ON BIG VALUES.

Prices on these lovely drawn-work Scarfs and Luncheon Cloths would not be so small were they quite fresh. But a little handling soon soils these fine linens, and so, though you can have them quickly restored by a tubbing to their original freshness we have cut their prices considerably. An opportunity worth looking into.

BARGAINS.

Bargain is a much abused word but it was never used more accurately than when applied to the Suits we are selling for \$12½ and \$18½. Until you see the Suits you can't appreciate their tremendous value at such prices. Charges for alteration extremely moderate.

INTERESTING NEWS.

Silk Dresses, black and colors, not many, prices greatly reduced.

Children's Sweaters, 1 to 12-year sizes, red and white, one-third under price. Formerly 50c to \$2½. Now 35c to \$1.75.

Separate Skirts, brown or blue Panama, values up to \$8½ now \$4.98.

Knitted Shawls, red or white, pretty patterns, one-third under price. Formerly 25c to \$1.75. Now 19c to \$1.19.

Curtain Nets, ivory or ecru, good assortment, reduced from 50c to 39c. Cream Madras Curtain Drapery printed in colors. Now 15c instead of 20c.

Swiss Curtains reduced from \$2 to \$1.19. Only one or two pairs of a kind. A few odd pairs of Lace Curtains also at greatly reduced prices.

Fancy Stocks, white silk and lace, fresh and perfect to be sold at 15c and 25c, formerly 25c and 50c.

Red Belts, patent leather, for women and children, small lot to be closed out at 25c formerly 50c. A 25c line of Elastic and Leather Belts now 10c.

Crash Scarfs, Stand Covers and Pillow Tops reduced from 50c to 25c and 39c. Chain stitched, stenciled and embroidered in colors on cream ground.

Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Coloma, Wisconsin.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and can not thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me." —Mrs. John Wentland, R. F. D., No. 3, Box 60, Coloma, Wisconsin.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach.
Take the above recommended "Discovery," and you may have a strong stomach and a strong body.

Hall's Cancer Cure is the only positive cure known to the medical fraternity. Cancer being a constitutional disease, requires constitutional treatment. Hall's Cancer Cure takes internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitutional and assiduous nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for certificates.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga.

"I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings.

"I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui.

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out.

Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.

Danderine

GROWS HAIR

and we can

PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair
is close to five feet in length."

Beautiful Hair at Small Cost

Hair troubles, like many other diseases, have
been wrongly diagnosed and altogether mis-
understood. The hair itself is not the thing to
be treated, for the reason that it is simply a product
of the scalp and wholly dependent upon its action.
The scalp, however, is often diseased and pro-
duced, nurtured and grown, and it alone should
receive the attention. If results are to be expected,
it would do no earthly good to treat the stem of a
plant with a view of making it grow and become
more beautiful, yet in this case the plant grows
most when attended to. Therefore, the help in which
the hair grows must receive the attention if you are
to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up,
or losing its supply of moisture or nutriment; when
baldness occurs the scalp has simply lost all its
moisture, leaving nothing for the hair to feed
upon in plant or even a tree would die under similar
conditions.

The natural thing to do in either case, is to feed
and replenish the soil or scalp as the case may be,
and your crop will grow and multiply as nature
intended it to do.

Knowton's Danderine has a most wonder-
ful effect upon the hair glands and tissues of the
scalp. It is the only remedy for the hair ever
discovered that is similar to the natural hair
food or liquids of the scalp.

It penetrates the pores quickly and the hair
soaks up the liquid, giving it wonderfully exhilarating
and invigorating qualities.

One 25-cent bottle is enough to convince you of
its great worth as a hair growing and hair beauti-
fying remedy—try it and see for yourself.

**NOW at all druggists in three sizes,

Narrow Escape From Drowning

Ripley Bee.

Dr. George P. Tyler had quite an experience
Sunday morning, and came near being drowned.
In crossing Eagle Creek, near the Spears farm,
he got into deep water, where his horse had
to swim.

The Doctor succeeded in getting his horse
loose from the buggy and hoisted him to land
before he got ashore. He lost his medicine case, two
robes, whip and rain apron. He got on the
horse and rode to the home of John Spears,
where he got some dry clothing, and returned
home.

STILL BURNING

Is Elm Tree Struck By Lightning
Over Four Months Ago

Ripley Bee.

On the 8th day of September last, a large
elm tree that stands near the Red oak Church
was struck by lightning, and on January 15th,
last Sunday, the tree was still burning.

This is about four months and two weeks
that the tree has been afire.

LAURENCE E. RYAN.

Laurence, the fifteen-year-old son of Mr.
and Mrs. John Ryan, died Wednesday morning
at 3 o'clock at the home of his parents near
Johnson Station, after a short illness with pneumonia.

Funeral tomorrow morning at 9 o'clock from
Mayville Catholic Church, with interment in
Washington Cemetery.

MRS. GABRIELLA PARRY.

Mrs. Gabriella Parry, relic of Thomas Parry,
and one of Mason county's venerable and
Christian women, passed away this morning at
2 o'clock at her home near Washington, after
a short illness with pneumonia, aged 76 in
March.

Deceased was a noble woman and devout
member of the Christian Church.

She is survived by four sons, Henry Need-
ham, George, Howard and Thomas Parry, be-
sides one sister, Mrs. Kate Longnecker of
Nebraska, and several nieces and nephews in
the state.

Tomorrow morn-

Gage marks 38.5 and rising.

The Carnegie Steel Company of Pittsburgh
has recently built a number of steel tank barges
and will use them for conveying oil. The com-
pany is preparing, also, it is said, to place a
number of new barges for carrying steel, iron
and coal on the Ohio, Mississippi and Missouri
rivers.

The following towboats are in the lower
Ohio river with large consignments of coal:
Sprague, with fifty-two barges; Bosz, with thir-
ty-six barges; Oakland, with thirty six barges;
Harry Brown, with thirty barges. The boats
also have large shipments of steel and iron
from Pittsburgh.

About 1,500 bushels of coal and 4,500
tons of manufactured iron and steel goods is
en route South, sent out by the Monongahela
River Consolidated Coal and Coke Company.
Four towboats have the tow: The Henry
Lonrey, three model barges, 15 coalboats and
two barges; the Sam Brown, 12 coalboats and
several coal barges; the Tom Dodsworth, one
model barge, 16 coalboats and two coal barges,
and Exporter, 17 boats and three coal barges.

Climate Failed—
Medicine Cured.

It has been abundantly shown that
fresh air, and good food, do help
many persons suffering from tuberculosis.
But, to be really honest, it must
be admitted that the disease is seldom
arrested. Something more
is needed.

Eckman's Alternative is a medicine made
for the cure of Tuberculosis. It has cur-
ed this disease again and again. Often
these cures have been effected where the
surroundings were not ideal, where no
fresh air was available, where the diet was
where money was scarce; good food and
good cooking unusual—yet cures resulted.
Now we argue and urge that Eck-
man's Alternative should be used in every
case of Tuberculosis. In addition to good,
nourishing food, and fresh air, which we
have mentioned.

The facts—the evidence of cures that
have been made—are interesting reading.
A remarkable cure follows:—Welden, Ill.
Gentlemen: Through Eckman's Alterna-
tive we have recovered from premature
death, a young man, feeling that I might
not be able to get well again. I take pleasure in
telling you a brief history of my sickness
which you are at liberty to use.

On December 14, 1904, I was taken
with typhoid pneumonia. My lungs became
so filled with mucus that I could hardly
breathe. My physician advised me to go to
Colorado as quickly as possible. I left
Texas June 3rd, very feeble. After being
there two weeks, my physician informed
me that nothing could be done, as my
case was hopeless. Three weeks later I
weighed 103 pounds, the doctor having given
me no assurance of recovering there alive.

On the 14th of July I began taking
Eckman's wonderful remedy for Con-
sumption, it being very highly recom-
mended. I weighed 165 pounds. I
am stout and well and can do any kind
of work about my grain elevator. I have
not an ache nor pain in my lungs, eat
well, sleep well, and never feel better. I
would be glad if every person afflicted
with Tuberculosis took Eckman's cure."

(Signed) Andrew W. WELDEN.

Police Court.

Business in Police circles has been on the drag for a week past, and the meager docket is an indication that many turned over a new leaf at the beginning of the New Year and are still on their good behavior. There were only two cases before Judge Whitaker yesterday afternoon, that of Stanley Hamilton, colored, for disturbing religious worship, and John B. Julian, drunk. The former was fined and costed \$30.50 and ten days in jail, and the latter \$6.50.

INSURANCE COMBINES

U. S. Supreme Court Upholds Alabama Law Which Penalizes Fire Insurance Trusts

The law of Alabama, passed in 1897, to prevent agreements and combinations between insurance companies for the purpose of fixing rates of fire insurance was held to be constitutional Monday by the Supreme Court of the United States.

In announcing the opinion Justice Harlan said that the Court could easily understand that insurance companies may have owners of property practically at their mercy in the matter of rates and have the power to take away the advantage of competition. The Supreme Court of Alabama, he added, had decided that the object of the law was to remove restraint of competition. To accomplish this object, the Justice continued, the State could well pass a law under its police power.

25 PER CENT. PENALTY.

The act provided that every policy of fire insurance should be interpreted, in event of loss thereunder, to include a 25% penalty if the insurance company, either at the time the policy was issued or before the time of trial, was a member of a Tariff Association for fixing the rate of insurance.

The invalidity of the law arose in a suit of Foster K. Hale, Jr., against the German Alliance Insurance Company of New York to recover \$4,000 insurance for the loss by fire of lumber at Byrne's Mill Pond, Baldwin county, Ala., and for \$1,000 penalty under the act of 1897. It was claimed that the Insurance Company was a member of the Southeastern Tariff Association, which fixed rates for insurance.

The Federal Court of Alabama upheld the constitutionality of the law and awarded a judgment in favor of Hale. From this judgment an appeal was taken to the Supreme Court, which Monday affirmed that holding.

The precedent will result in an ultimate dissolution of the big Insurance Trust, which has practically robbed the public of millions in premiums yearly.

"Prairie Schooner" Comes to Town

An old-time covered wagon, with cows and white cotton, was driven into the city yesterday over the Lexington pike. It was a reminder of the long ago, when Illinois was the Far West and movers from here went there in such wagons, carrying their families and all their belongings, and followed by a few cattle and dogs.

The HIGH COST of LIVING

Has been greatly reduced in thousands of homes in all parts of Uncle Sam's broad domain this winter through the use of

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

The reason is plain. Cheapest slack in the Underfeed gives as much clean, even heat as the most expensive grades which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal underneath against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed Furnace and Boiler users to effect an every year saving of 50% to 60%. Why give this good coin to the coal man? Put it in the Underfeed and let it Pay for itself.

Four Weddings on Dit

As many as four weddings in high circles in the Washington vicinity are promised within a few weeks or months at farthest.

WHO IS TO BLAME

For So Many Sickly Children?

We hear of so many children who are thin, delicate, ailing and tired all the time, we are led to ask what is the cause and who is to blame?

Don't blame the children—they have no strength. They play hard, work hard at school and rapid growth takes all their strength. It is the mothers of all such children who are to blame, for if they only realized what our delicious cod liver and iron tonic will do for their little ones, they would sleep at night until they had started them on Vinol.

Only a few days ago a case came to our attention—Mrs. W. H. Gilmore of Durand, Mich., had a little daughter nine years of age. She was weak, pale, ailing and nothing seemed to do her any good. She gave her Vinol and she began to thrive at once and gained rapidly in weight, color and strength.

We positively know Vinol will build up your little ones and make them healthy, strong and robust. Try a bottle and if you are not satisfied we will return your money. We make you this offer to show our confidence and belief in Vinol. J. C. Pecor, Druggist, Maysville, Ky.
